# LoRa Node / Smart Sensor cable extensions

This extension allows to extend the distance between the radio data loggers and LoRa nodes. of the DeepWave system and the Smart Sensors connected to them. The extension is supplied in 4 different lengths and multiple extensions can be connected together to further extend the distance. The available lengths are: 2, 3, 5 and 10 meters.

## Main features

- Available lengths: 2 / 3 / 5 / 10 meters
- Connectable to each other

## The system

Extension cables can be used on:

- Smart Sensor
- DeepWave Nodes
- Smart Sensor / ZED IT adapter
- Flat extension

## Accessories

- Differential Pressure Smart Sensor
- Temperature Smart Sensor
- -80°C temperature Smart Sensor
- 200 temperature Smart Sensor
- Temperature Smart Sensor with thin cable
- Temperature and humidity Smart Sensor
- Smart Sensor / ZED IT adapter cable extensions
- Flat DeepWave Node / Smart Sensor cable extension
