Battery kit for MicroW S

MicroW S battery is easily and quickly user replaceable too. New battery kits can be purchased (each kit includes a new battery, a news o-ring that must always be replaced whenever logger is opened and a link to the video tutorial) or the service for battery replacement at Tecnosoft, usually along with recalibration. It is highly recommended to use the loggers' opening tool for a correct opening of the devices.

Accessories

- Universal tool for opening logger

Technical specifications

Battery type	3.0V Poly-carbonmonofluoride lithium, 120mAh
